

WHAT ARE SMALL GROUPS?

Small groups provide a relaxed and comfortable environment where anyone can investigate and grow in their faith journey. With a majority of our adults attending the groups, they have also become the core of our church family and a sure way to get connected with others at the Urban Refuge.

The small groups range in size, but typically max out at 12 or 14 attendees. During our Crazy Love series some groups will meet every week, while others will meet less. See the inset and talk to the group leader to know when and how often they will meet.

Our small groups strive to help you apply biblical principles to your daily lives. They also provide a great place to develop lasting friendships, loving support, and uplifting prayer.

If you have enjoyed attending our weekend services, we highly recommend that you take the next step and give a small group a try. You don't have to be a member to join a group or experience its wonderful benefits. You'll be pleased you did!

JOINING A SMALL GROUP

Look inside the brochure to locate a group that meets on a day that works for you. If you have interest in the group, go ahead and call or e-mail the leader to learn more about the group and its availability. If you decide to join their group, just pass on your contact information and join them at their next meeting.

PURCHASING A BOOK—\$10

All of our groups will be going through the book, Crazy Love by Francis Chan. You will need to purchase your own copy of the book to read the chapters corresponding to the weekend teaching and small group discussions.

Small Groups
